EXECUTIVE SUMMARY

Royalton Blue Waters Resorts & SPA, is aware of its responsibility to the environment and has shown improvement in preserving the environment, as well as supporting the local community.

Throughout years Royalton Blue Waters Resorts & SPA, have demonstrated a commitment to continuous improvement, which is evidenced in the results of multiple areas. All this thanks to the efforts made to generate and maintain high standards in related processes through pollution prevention, environmental protection, care for biodiversity, respect for human rights, as well as promoting and supporting the local community of all possible ways.

Royalton Blue Waters Resorts & SPA, aim to make a positive and lasting difference in the lives of people, the environment and the community. With the support of guests, staff, and community members, the property works hard to protect, respect and foster awareness of the cultural heritage and customs of the destination.

CORPORATE SUSTAINABILITY POLICY

At Blue Diamond Resorts (BDR) we are committed to Sustainable Development through the operation of the different Hotels that make up the chain in each of the destinations where we operate, in a responsible manner and in accordance with the following principles:

- Ensure compliance with the environmental legislation and regulations applicable in each countries where we operate.
- Respect and conserve the environment through the implementation of best environmental practices and protection of the local flora and fauna.
- Ensure the correct management and final disposal of waste through recycling and reuse.
- Promote conservation activities such as beach cleanups, mangrove cleanups and protection of wildlife (where applicable).
- Implement awareness campaigns to ensure the protection of resources through staff training.
- Preserve national and cultural identity through respect for traditions, strengthening the sense of national pride and sharing its value abroad.
- Respect the local community by fostering a support system and building relationships to assist them as much as possible.
- Work continuously to advance RLR's internal management and sustainable initiatives to improve environmental performance.
- Promote the involvement of stakeholders such as employees, guests, suppliers and suppliers in RLR's sustainable culture, communicating the best practices implemented.

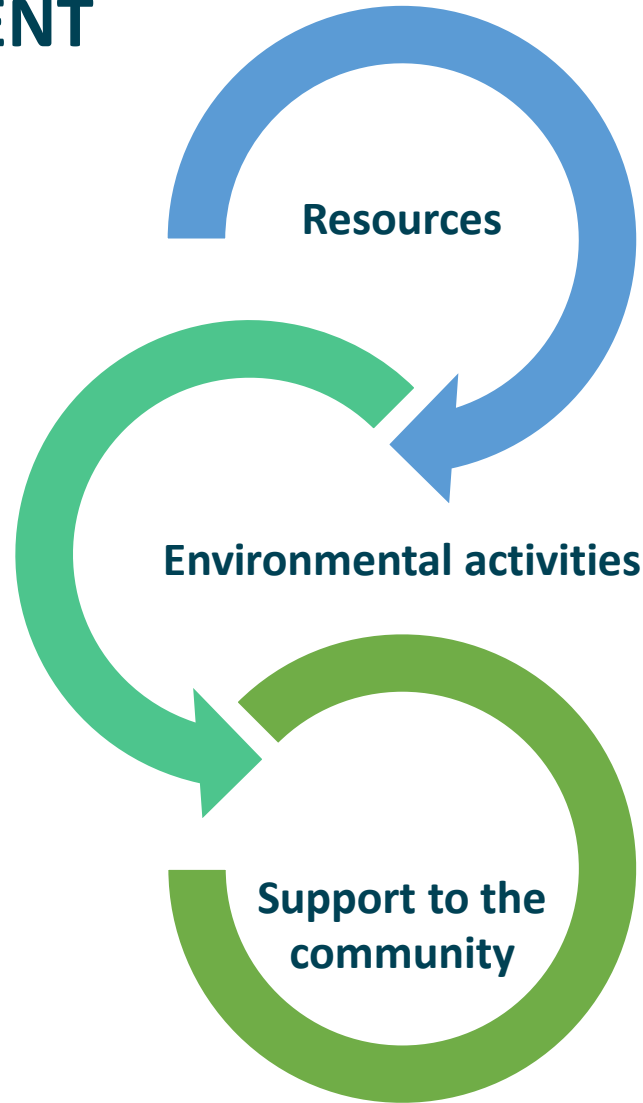

At Royalton Luxury Resorts we are aware that creating and maintaining a sustainable culture involves an evolving improvement process to establish our long- term commitment.

SUSTAINABILITY POLICY POLÍTICA DE SUSTENTABILIDAD

SUSTAINABLE MANAGEMENT

Increase the environmental awareness and participation of our hosts by 5% in Sustainable Tourism training.

Reduce the 2020 average energy consumption by 25% to date.

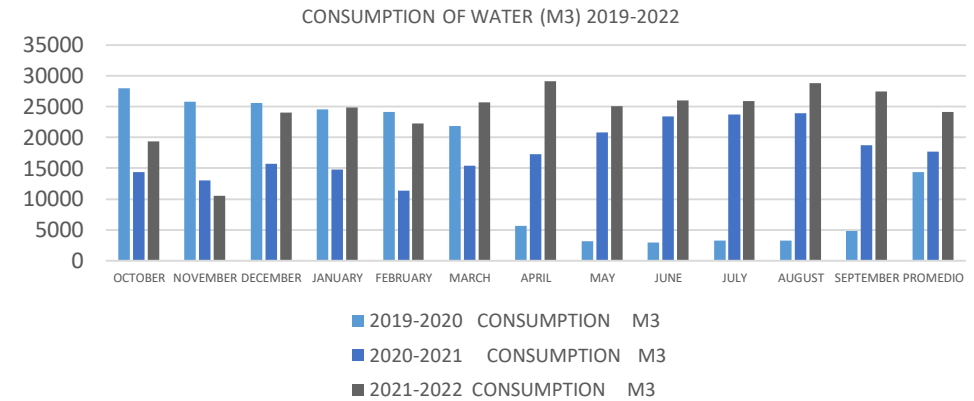

Obtain international environmental certifications that guarantee our environmental performance.

RESOURCES MANAGEMENT

Electricity consumption

Water consumption

Gas consumption

How can we reduce our consumption?

- By complying with a sustainable purchasing policy that prioritizes efficient equipment and products.
- Generating a sustainable culture through training and allusive activities.
- Implementing sustainable processes such as campaigns and programs.
- Avoiding indiscriminate use of natural resources by complying with the good environmental practices defined by the organization.

WASTE MANAGEMENT

Proper waste management has always been a central part of the commitment and environmental awareness at Royalton White Sands Resort & Spa.

Ensuring a proper segregation from root and a final disposal applicable to each type of waste.

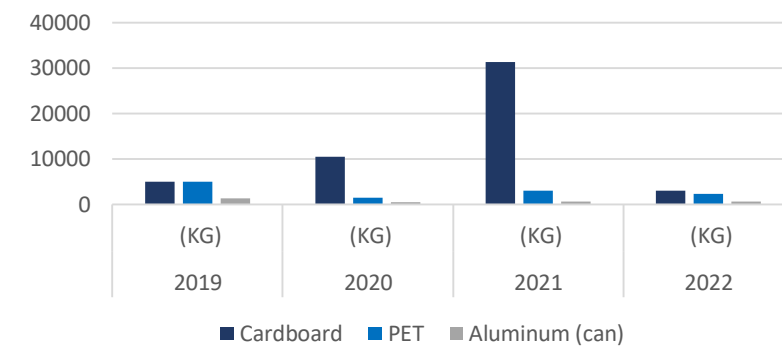

Reduction practices include:

- Paper is reused internally.
- Recycling bins available around the complex for guest and staff use.
- Organic waste used to feed animals.
- Constant training to reinforce awareness.

Straw Consumption Comparative

Waste Recovery Comparative

OBJECTIVE 2023

This is just the beginning of what **Royalton Blue Waters Resorts & Spa** aims to achieve in the years to come. The Hotel will address new and important issues to fulfill its mission of promoting sustainable tourism.

Collective efforts will focus on the areas where Royalton Blue Waters Resorts & Spa can have the greatest impact, including creating opportunities for youth, building stronger and more prosperous communities, as well as preserving the local environment through continuous environmental improvement.

As a specific objective, the organization establishes the maintenance of the commitments that favor sustainable tourism, such as the code of conduct against the sexual exploitation of children and adolescents in the tourism industry, the Hotel certification with the environmental label Travelife as a sign of commitment to an increasingly sustainable destination and the Green Globe environmental program.
