# EXECUTIVE SUMMARY

Royalton Negril Resorts & SPA, is aware of its responsibility to the environment and has shown improvement in preserving the environment, as well as supporting the local community.

Throughout years Royalton Negril Resorts & SPA, have demonstrated a commitment to continuous improvement, which is evidenced in the results of multiple areas. All this thanks to the efforts made to generate and maintain high standards in related processes through pollution prevention, environmental protection, care for biodiversity, respect for human rights, as well as promoting and supporting the local community of all possible ways.

Royalton Negril Resorts & SPA, aim to make a positive and lasting difference in the lives of people, the environment and the community. With the support of guests, staff, and community members, the property works hard to protect, respect and foster awareness of the cultural heritage and customs of the destination.

# CORPORATE SUSTAINABILITY POLICY

At Blue Diamond Resorts (BDR) we are committed to Sustainable Development through the operation of the different Hotels that make up the chain in each of the destinations where we operate, in a responsible manner and in accordance with the following principles:

- Ensure compliance with the environmental legislation and regulations applicable in each countries where we operate.
- Respect and conserve the environment through the implementation of best environmental practices and protection of the local flora and fauna.
- Ensure the correct management and final disposal of waste through recycling and reuse.
- Promote conservation activities such as beach cleanups, mangrove cleanups and protection of wildlife (where applicable).
- Implement awareness campaigns to ensure the protection of resources through staff training.
- Preserve national and cultural identity through respect for traditions, strengthening the sense of national pride and sharing its value abroad.
- Respect the local community by fostering a support system and building relationships to assist them as much as possible.
- Work continuously to advance RLR's internal management and sustainable initiatives to improve environmental performance.
- Promote the involvement of stakeholders such as employees, guests, suppliers and suppliers in RLR's sustainable culture, communicating the best practices implemented.

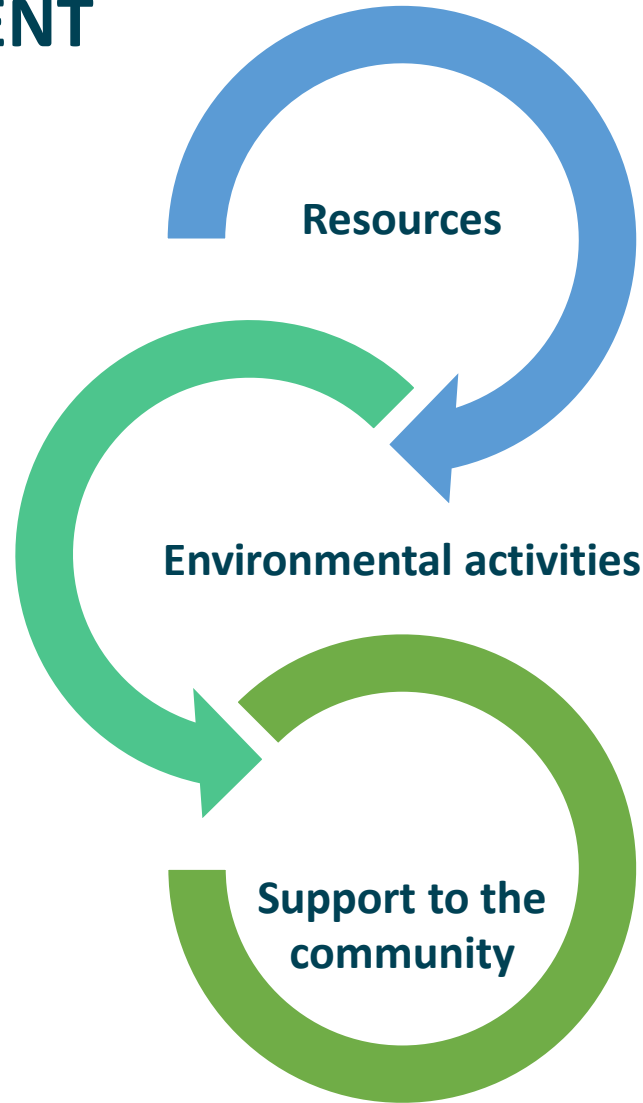

At Royalton Luxury Resorts we are aware that creating and maintaining a sustainable culture involves an evolving improvement process to establish our long- term commitment.

## SUSTAINABILITY POLICY POLÍTICA DE SUSTENTABILIDAD

# SUSTAINABLE MANAGEMENT

Increase the environmental awareness and participation of our hosts by 5% in Sustainable Tourism training.

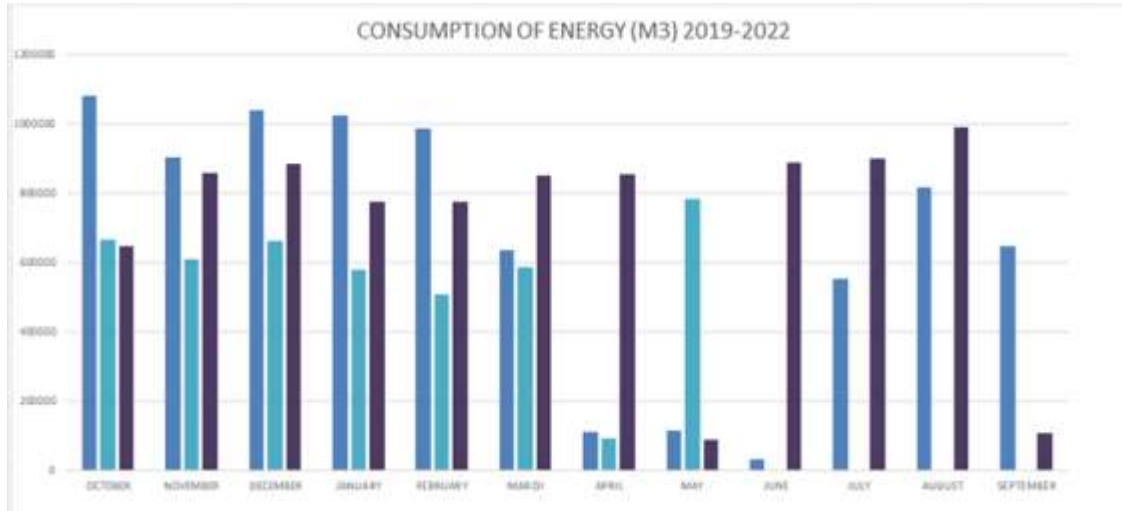

Reduce the 2020 average energy consumption by 25% to date.

Obtain international environmental certifications that guarantee our environmental performance.

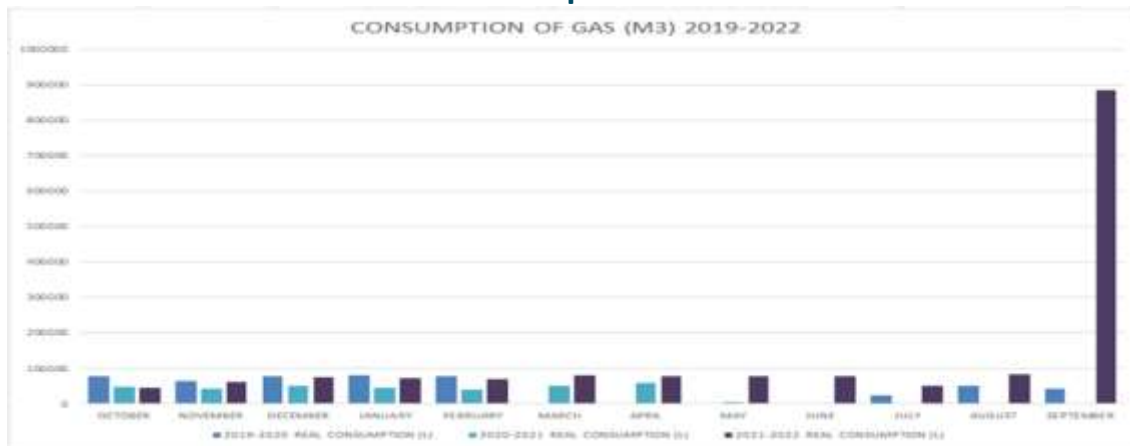

# RESOURCES MANAGEMENT

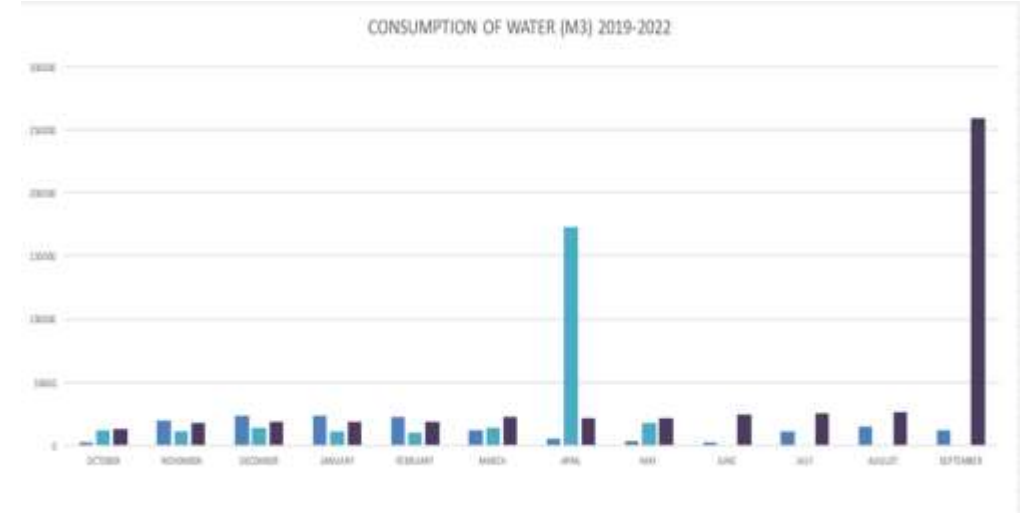

## Electricity consumption

## Gas consumption

## Water consumption

## How can we reduce our consumption?

- By complying with a sustainable purchasing policy that prioritizes efficient equipment and products.
- Generating a sustainable culture through training and allusive activities.
- Implementing sustainable processes such as campaigns and programs.
- Avoiding indiscriminate use of natural resources by complying with the good environmental practices defined by the organization.

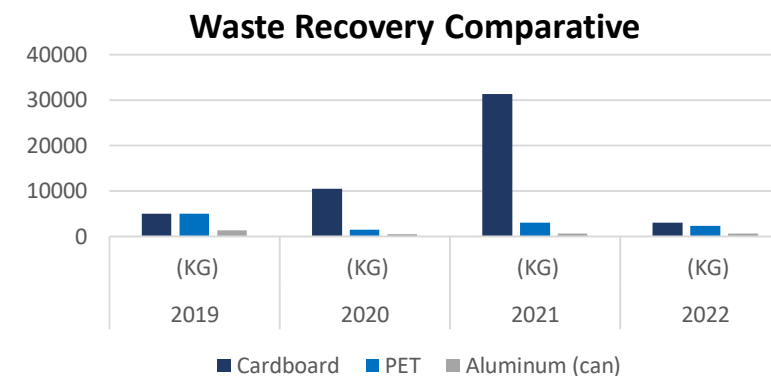

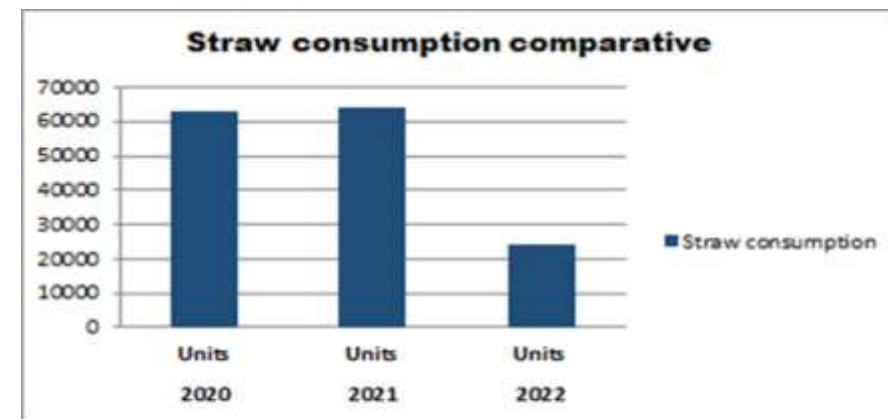

# WASTE MANAGEMENT

Proper waste management has always been a central part of the commitment and environmental awareness at Royalton Negril Resort & Spa.

Ensuring a proper segregation from root and a final disposal applicable to each type of waste.

Reduction practices include:

- Paper is reused internally.
- Recycling bins available around the complex for guest and staff use.
- Organic waste used to feed animals.
- Constant training to reinforce awareness.

# ACTIVITIES

	ACTIVITY	OBJECTIVE	RESULTS
SUSTENTABILITY	Earth Hour	Raise awareness of our role in preserving natural resources and the current realities of climate change	Public light-off event with the participation of our hosts and guest .
	World Tree Day	Raise awareness of the importance of Trees, where seedlings were planted in recyclable containers	Tree transplanted in the soil on World Tree Day by host.
	Monthly Beach Cleaning	Keep the beach clean and in good condition	Collection of 10kg can, 16kg pet,16 kg organic, Glass 9kg and 22kg inorganic
	World Recycling Day	Raise awareness of preserving the Environment and to encourage host to practice recycling activites	Photo App was made with recyclable materials. Host took pictures with it.
SOCIAL	International Mangrove Day	To Raise awareness of International Mangrove Day a quiz competition was done about the mangrove	Host picked Questions from a jar and was awarded once answerd correctly
	International Beach Clean Up	Clean up of local beach was done	Number of other hotels participated in the coastal beach clean up leaving the beach free of garbage.

# At Royalton we care!

# OBJECTIVE 2023

- Comply with environmental legislation and applicable regulation in accordance with each destination where it is preset.
- Identify and analyze environmental risks to prevent negative impacts on the environment.
- Implement Travelife, Green Globe and The Code on properties.
- Improve the management of waste management through the implementation of reduction, reuse or recycling practices.
- Consider local traditions, history, culture and customs in the development of activities in each country.
- Increase the number of internal audits carried out to identify and follow areas of opportunity.
